TITLE INDEX

Volume 50

1978

A

A foam activated sludge process for the treatment of spent sulfite liquor (Zajic, Hill, Manchester, Muzika) 884
A nomogram for the determination of ammonia in wastewater by a known addition technique (Ip, Pilkington) (Communication) 2778
A philosophy of water pollution control—past and present (Schroepfer) (Feature) 2104
A simple, effective technique for controlling solids retention time in activated sludge plants (Roper, Grady) 702
A steady-state phytoplankton model of Chesapeake Bay (Salas, Thomann) 2752
A survey of phosphorus and nitrogen levels in treated municipal wastewater (Gakstatter, Allum, Dominguez, Crouse) 718
A two-tier, self-contained activated sludge plant (Powell) 458
A unified theory of filamentous activated sludge bulking (Sezgin, Jenkins, Parker) 362
A year of challenge (Editorial) 1
Accumulation of slime in drainage pipes and their effect on flow resistance (Bland, Bayley, Thomas) 134
Accumulation rate and characteristics of septic tank sludge and septage (Brandes) 936
Actinomycete scum production in activated sludge processes (Pipes) 628
Activated sludge systems using nitrate respiration design considerations (Beer, Wang) 2120
Activated sludge treatability of Type A zeolite (Hopping) 433
Advanced waste treatment: Has the wave crested? (Monitor) 1706
Algal metabolites and fish kills in a bayou estuary: an alternative explanation to low dissolved oxygen controversy (Moshiri, Crumpton, Blaylock). (Communication) 2043
Ammonia volatilization from wastewater sludge applied to soils (Terry, Nelson, Sommers, Meyer) 2657
An in situ determination of the disappearance of coliforms in Lake Michigan (Zanoni, Katz, Carter, Whaley) 321
An overview of land treatment from case studies of existing systems (Uiga, Sletten) 277
Anaerobic-aerobic lagoon system for potato-processing wastes (Dornbush, Rollag, Trygstad) 524
Anaerobic digestion and membrane separation of domestic wastewater (Grethlein) 754
Anaerobic digestion of sludge from chemical treatment (Gossett, Wilson, Evans, McCarty) 533
Analysis of cyanides in coke plant wastewater effluents (Barton, Hammer, Kennedy) 234
Analytical analysis of the effect of dissolved solids on suspended solids determination (Trees) 2370
Application of mass transfer to rotating biological contactors (Famularo, Mulligan, Mueller) 653
Army engineers to aid EPA in construction grant program (Monitor) 413
Arsenic removal by adsorption (Gupta, Chen) 493
Ask a friend about WPCF (Editorial) 187
Assessing the impacts of land management activities on erosion related nonpoint source problems, (Rickert, Beach) 2439
Autotrophic denitrification using elemental sulfur (Batchelor, Lawrence) 1986

B

Bacterial aerosols from cooling towers (Adams, Garbett, Rees, Lewis) 2362
Banning detergent phosphates—the debate continues (Monitor) 190
Biochemical oxygen demand progression in mixed substrates (Parisod, Schroeder) 1827
Biodegradability of benzidine in aerobic suspended growth reactors (Tabak, Barth) 552
Biodegradation of phenolic waste liquors in stirred-tank, packed bed, and fluidized-bed bioreactors (Holladay, Hancher, Chilcote, Scott) 2573
Bottling rainstorms—Chicago's tunnel and reservoir plan (Monitor) 1888

C

Case histories of automatic control of dissolved oxygen (Roesler, Bracken) 2257
Certain mechanisms affecting water column-to-sediment phosphate exchange in a bayou estuary (Moshiri, Crumpton) (Communication) 392
Characteristics of effluent from grey and black water septic tanks (Brandes) 2547
Characteristics of the solution algorithms for the QUAL II river model (Grenney, Teuscher, Dixon) 151
Characterization and impact of stormwater runoff from various land cover types (Rimer, Nissen, Reynolds) 252
Characterization and reuse of ash pond effluents in coal-fired power plants (Chu, Krenkel, Ruane) 2494
Characterization, treatment, and disposal of wastewater from Maryland seafood plants (Brinsfield, Winn, Phillips) 1943
Chemical conditioning alternatives and operational control for vacuum filtration (Nelson, Tavery) 507

Chemistry and biological hazard of a coal ash seepage stream (Coutant, Wasserman, Chung, Rubin, Manning) 747
Chromium speciation in municipal wastewaters and seawater (Jan, Young) 2327
Cleanup after spills of toxic substances (Lafornara) 617
Color removal from textile waste using magnesium carbonate (Judkins, Hornsby) 2446
Color removal in kraft mill wastewaters using recycled magnesium (Rush, Oldham) 875
Color removal in kraft mill wastewaters with magnesium (Oldham, Rush) 40
Comparative chemistry of a cooling reservoir and its water source (Sams, Silvey, Stanford) 193
Computerization and automation of wastewater systems (Monitor) 5
Contact stabilization treatment of a colloidal organic wastewater (Kharajian, Sherrard) 645
Continuous simulation of nonpoint pollution (Litwin, Donigian) 2348
Controlled chlorination in agricultural systems irrigated with secondary wastewater effluents (Mann, Vaccaro, Deese) 427
Conversion of sulfite pulping waste to an agricultural product (Eberhardt, Lewis, Scharp, Barton) 1893
Cost studies for renovated wastewater (Clark, Gillean, English) 688

D

Degradation of mono-substituted benzoates and phenols by wastewater (Haller) 2771
Demolishing myths about ocean dumping (Monitor) 2101
Design of an ocean outfall (Grant, Chao, Hennessy) 347
Design relationships for aerobic digestion (Benefield, Randall) 518
Determination of sediment settling rates by nonlinear regression (Boadway) 698
Development of color removal potential in organisms treating pulp and paper wastewater (Davis, Blair, Randall) (Communication) 382
Distribution of heavy metals in anaerobic digestion (Hayes, Theis) 61
Dynamics of continuous thickening (George, Keinath) 2560

E

Early organic detection system established on the Ohio River (Monitor) 416
Effect of chlorination on differentiated coliform groups (Kinney, Drummond, Hanes) 2307
Effect of tank dimensions and diffuser placement on oxygen transfer (Schmit, Wren, Redmon) 1750
Effect of thermal pretreatment on digestibility and dewaterability of organic sludges (Haug, Stuckey, Gossett, McCarty) 73
Effect of upstream control on a water supply reservoir (Randall, Grizzard, Hoehn) 2687
Effect of water conservation on activated sludge kinetics (Bohac, Sierka) 2313
Effects of organic fractions from secondary effluent on *Selanastrum capricornutum* (Katz, Sachdev, Clesceri) 1810
Effects of vegetation on denitrification and phosphate movement during rapid infiltration of soil columns (Lance, Rice, Whisler) 2183
Electrochemical decolorization of kraft mill effluents (Oehr) 286
Enhanced wastewater purification via the addition of granular coals and chars to activated sludge (Neufeld, Yodane) 559
Enhancement of phosphorus removal through iron coagulation following lime precipitation (Cavagnaro, Work, Bennett, Linstedt) 95
Environment as Scapegoat (Editorial) 813
EPA's Rhett: an interview (Monitor) 2425
Eutrophication analysis with simple and complex models (Tapp) 484
Evaluation of control parameters for the activated sludge process (Stall, Sherrard) 450
Evaluation of dewatering equipment for anaerobically digested sludge (Zenz, Sawyer, Watkins, Lue-Hing, Richardson) 1965
Evaluation of operation and maintenance factors limiting municipal wastewater treatment plant performance (Hegg, Rakness, Schultz) (Feature) 419

F

Factors affecting the design of dissolved air flotation systems (Gulas, Linsey, Benefield, Randall) 1835
Falsifying monitoring reports—cracking down on violators (Monitor) 2094
Federation initiative for the year ahead (Engelbrecht) (Feature) 8
Field investigation of trace metals in groundwater from fly ash disposal (Theis, Westrick, Hsu, Marley) 2457
Financing O&M (Editorial) 2092

G

Global interface: EPA's Office of International Activities (Monitor) 600
Granular media filtration of secondary effluent (Dawda, Davidson, Middlebrooks) 2143
Great Lakes water quality: a progress report (Monitor) 1886

H

Hatchery waste management and utilization by land application (Humenik, Overcash, Sneed, Barker, Phillips) 739

Heat recovery from multiple-hearth furnaces in Cincinnati, Ohio (Petura)..... 2198
Helminth ova in soil and sludge from twelve U. S. urban areas (Theis, Bolton, Storm). 2485
High rate filtration of solids stabilized, oil-in-water emulsions (Humenick, Davis)..... 1953

I

Implications of overland flow for municipal waste management (Overcash)..... 2337
Improved performance of activated carbon by pre-ozonation (Guirguis, Cooper, Harris, Ungar).....308, 2602, 2781
Improving WPCF publications (Editorial)... 411
Inapplicability of batch kinetic data to analysis of soil treatment systems (Adams) (Communication)..... 386
Incentives for O&M (Editorial)..... 1885
Industrial waste control in Los Angeles County (Eason, Kremer, Dryden)..... 672
Inflation/environmental debate (Editorial)... 2625
Influence of particle size on sludge dewaterability (Karr, Keinath)..... 1911
Interview: EPA Deputy Administrator Barbara Blum (Monitor)..... 815
Investigation of soluble organic nitrogen compounds in municipal secondary effluent (Keller, Leckie, McCarty)..... 2522

K

Keeping score on the Carter Administration (Editorial)..... 1705
Kinetic coefficients for phosphorus transport in packed-bed reactor (Overman, Chu, Le) 1905

L

Laboratory studies on optimization of the activated sludge process (Alam, Angelback)..... 1786
Lagoon pretreatment: heavy metal and cation removals (Overcash, Gilliam, Humenik, Westerman)..... 2029
Land application of sludge: a state survey (Monitor)..... 2436
Land disposal of toxic substances and water-related problems (Epstein, Chaney)..... 2037
Land treatment: a paper tiger? (Monitor).... 2
Land treatment of wastewater as an innovative or alternative technology (Monitor)..... 1709
Las Vegas goes to battle over AWT (Monitor) 2432
Limestone packed tumbling drums for acidity reduction (Pearson, McDonnell)..... 723
Literature Review issue (Editorial)..... 999

M

Maintenance workers top operators in salary survey (Monitor)..... 2242
Marine ecology and oil pollution (Baker).... 442
Matching fixed speed pumps to variable flows (Goldschmidt)..... 1733
Mathematical model for the disinfection of waste stabilization lagoon effluent (Johnson, Wight, Middlebrooks, Reynolds, Venosa)..... 2002
Mathematical modeling of land runoff contaminated by phosphorus (Novotny, Tran, Simsiman, Chesters)..... 101
Measuring and predicting flotation performance (Gehr, Henry)..... 203
Milwaukee Case: Changing the rules for water cleanup (Monitor)..... 188
Modeling techniques for estimating fecal coliforms in estuaries (Kelch, Lee)..... 862
MPN and MF coliform concentrations in lagoon effluents (Middlebrooks, Middlebrooks, Johnson, Wight, Reynolds, Venosa)..... 2530

N

National water policy—will Carter backoff? (Monitor)..... 818
Neutralization of acid wastes by enhanced buffer (Okey, Chen, Sycip)..... 1841
New Clean Water Act (Editorial)..... 595
New directions in certification programs (Monitor)..... 822
New highs in California (Editorial)..... 2092
New water act restructures EPA regulations (Monitor)..... 597
New water program targets organics (Monitor) 415
1976–1977 environmental engineering graduate enrollment trends (Jewell) (Feature).... 607
Nitrification and alkalinity relationships in activated sludge (Benninger, Sherrard).. 2132
Nitrification and other factors affecting nitrogen in the Holston River (Ruane, Krenkel)..... 2016
Numerical estimates of coliform mortality rates under various conditions (Mancini). 2477
Nutrient control by plant modification at El Lago, Texas (Barth, Ryan)..... 1769

O

Orange County closes the loop (nearly) (Harper, Cline) (Feature)..... 2079
Organic assimilation capacity of the Maumee River estuary at Toledo, Ohio (Kunkle, Wordelman)..... 957
Oxidative destruction of phenol and other organic water residuals by iron (VI) ferrate (Waite, Gilbert)..... 543
Ozonation in a wastewater reuse system: examination of products formed (Elia, Clark, McGinnis, Cody, Kinman)..... 1727
Ozone treatment of kraft mill wastes (Ng, Mueller, Walden)..... 1742

P

Performance of a rotating biological contactor under varying wastewater flow (Clark, Moseng, Asano)..... 896

Performance of circular final clarifiers at an activated sludge plant (Munch, Fitz-Patrick) 265
Perspective on river-quality diagnosis (Cleary) (Feature) 825
pH averaging (Eralp) (Communication) 389
Phase separation of anaerobic stabilization by kinetic controls (Massey, Pohland) 2204
Philadelphia Story: what price litigation? (Monitor) 2097
Phosphate adsorption on magnesium silicates (Smith, Hwang) 2189
Phosphorus removal by post-precipitation with Fe (III) (Kavanaugh, Krejci, Weber, Eugster, Roberts) 216
Pilot-plant studies of waste activated sludge processing (Garrison, Stahl, Tortorici, Miele) 2374
Pilot plant treatment of municipal and malting plant wastewaters (Richard, Haag, Sheth, Hynek) 869
Pollution indicators and other microorganisms in river sediment (Matson, Hornor, Buck) 13
Potential toxicity of taconite tailings to aquatic life in Lake Superior (Oxberry, Doudoroff, Anderson) 240
Power plant cooling water chlorination in northern California (Hergott, Jenkins, Thomas) 2590
Precipitation of calcium aluminates and sulfoaluminates from water (Schaezler) .. 1821
Prevalence of human enteric viruses in coastal canal communities (Melnick, Goyal, Gerba) 2247
Proposition 13: Most treatment agencies unaffected (Monitor) 2239
Purification of secondary effluent in a natural sand filter (Aulenbach, Harris, Reach) ... 86

R

Recovery of indicator bacteria in acid mine streams (Hackney, Bissonnette) 775
Regional wastewater treatment systems in Japan (Brill, Nakamura) (Feature) 1715
Removal mechanisms and design suggestions for activated sludge (Adams, Asano) 1931
Removal of basic dye from effluent using wood as an adsorbent (Poots, McKay, Healy) .. 926
Removal of complex copper-ammonia ions from aqueous wastes with fly ash (Chu, Steiner, McEntyre) 2157
Removal of dichloramine and ammonia by granular carbon (Kim, Snoeyink, Schmitz) 122
Removal of emulsified oil with organic coagulants and dissolved air flotation (Luthy, Selleck, Galloway) 331
Removal of heavy metals via ozonation (Shambaugh, Melnyk) 113
Residual toxicity of several disinfectants in domestic wastewater (Ward, DeGraeve) . 46
Residual toxicity of several disinfectants in domestic and industrial wastewaters (Ward, DeGraeve) 2703
Response of activated sludge processes to organic transients — kinetics (Selna, Schroeder) 944
Response of *Selenastrum capricornutum* to zinc sulfides (Hendricks) 163
Retardation of sediment phosphorus release by fly ash application (Theis, McCabe) .. 2666

S

Salmonella and bacterial indicators in ozonated and chlorine dioxide-disinfected effluent (Schiemann, Brodsky, Ciebin) 158
Shock load response of activated sludge with constant recycle sludge concentration (Saleh, Gaudy) 764
Simulation studies on optimization of the activated sludge process (Angelbeck, Alam) 31
Sludge dewatering studies at Hyperion Treatment Plant (Ohara, Raksit, Olson) 912
Sludge management aspects of the Solid Waste Disposal Act (Monitor) 604
Some factors affecting denitrification in soils irrigated with wastewater (Brar, Miller, Logan) 709
Spurious results from automatic samplers (Sykes, Rubin, Rath, Chang) (Communication) 2046
State of the Federation (Engelbrecht) (Presidential Message) 2086
Stimulating R&D (Editorial) 2423
Stochastic programming model for water quality management in a river (Lohani, Thanh) 2175
Surface aeration equipment—field testing versus shop testing (Stukenberg, Wahbeh) 2677

T

Temperature effects on the activated sludge process (Sayigh, Malina) 678
Temporary wastewater treatment in remote locations (Eggener, Tomlinson) 2643
The inflation/environment debate (Editorial) 2625
Treatability studies and design considerations for textile wastewater (Ghosh, Woodard, Sproul, Knowlton, Guertin) 1976
Treatment of abattoir effluent by trickling filtration (Moodie, Greenfield) 2741
Treatment of dairy cattle wastes by a barriered landscape wastewater renovation system (Ritter, Eastburn) 144

U

Ultrafiltration of complex wastewaters: recycling for nonpotable use (Bhattacharyya, Jumawan, Witherup, Grieves) 846
Underflow rate and control of an activated sludge process (Schaffner, Pipes) 20, 2604

Upgrading stabilization pond effluent by water hyacinth culture (Dinges)..... 833
Ureolytic bacteria in wastewater (Prasad)... 970
Use of a natural marsh for wastewater polishing (Fetter, Sloey, Spangler)..... 290
Use of specific resistance data in sizing batch-type pressure filters (Wilhelm)..... 471
Use of sulfur and sulfide in packed bed reactors for autotrophic denitrification (Driscoll, Bisogni)..... 569

V

Vertical distribution of suspended sediments in reservoirs (Ritchie, McHenry, Schiebe).. 734

W

Water quality improvements from upgraded waste treatment (Das, Cibulka)..... 2276
Waste stabilization by cascade bioreactor (Pain, Bhattacharyya)..... 1804
Wastewater denitrification with one carbon compounds as energy sources (Rhee, Fuhs)..... 2111
Wastewater treatment problems at North Kansas City, Missouri (Schmidt)..... 635
Wastewater reuse by biological-chemical treatment and groundwater recharge (Idelovitch)..... 2723
Water quality modeling in a low flow stream (Shelton, Burdick, Drewry)..... 2289
WPCF conference: speakers stress impact of Water Act (Monitor)..... 2627

Z

Zoobenthos in thermal discharge into western Lake Erie (Cole, Kelly)..... 2509

AUTHOR, SUBJECT, AND GEOGRAPHICAL INDEX

Volume 50

1978

A

Acclimation, benzidine in activated sludge process ... 552
of wastewater to substituted aromatics ... 2771
Acid mine drainage, effect on indicator bacteria ... 775
Acidity, reduction by limestone ... 723
Acids, wastewater neutralization ... 1841
Activated carbon, improved performance ... 308, 2602
nitrogen removal ... 122
removal of organic nitrogen ... 2522
removal of toxics ... 617
Activated sludge, benzidine acclimation ... 552
contact stabilization ... 645
control by underflow rate ... 20, 2604
design considerations ... 1931
dissolved air flotation design ... 1835
DO control ... 2257
effect of Type A zeolite ... 433
effect of water conservation ... 2313
(Literature Review) ... 1076
nitrate respiration ... 2120
nitrification and alkalinity ... 2132
scum production ... 628
solids retention time ... 702
treatment and disposal of sludge ... 2374
treatment of textile waste ... 1976
two-tier plant ... 458
Activated sludge process, computer simulation ... 31
foam transport of sludge ... 884
lab studies ... 1786
nonsteady state operation ... 944
shock load response ... 764
use of coal adsorbant ... 559
Adams, A. P., bacterial aerosols ... 2362
Adams, R. M., activated sludge design ... 1931
soil treatment kinetics (Communication) ... 386
Administration (Literature Review) ... 1674
Adsorption, basic dye removal ... 926
of arsenic ... 493
of organics by coal ... 559
of phosphorus on soil ... 1905
Advanced waste treatment, by modified trickling filter ... 1769
Las Vegas opposes ... 2432
slowdown of ... 1706
Aeration, tank geometry ... 1750
effect on organic wastewaters ... 645
Aeration equipment, performance testing ... 2677
Aerobic digestion, design relationships ... 518
Aerosols, bacteria from cooling towers ... 2362
Agricultural wastes (Literature Review) ... 1245
Agriculture, chlorinated wastewater irrigation ... 427
Alam, A. B. S., activated sludge process ... 1786
computer programming of activated sludge process ... 31
Algae, assay of cooling reservoir ... 193
effects of organics on growth ... 1810
effects of zinc and sulfide ... 163
role of metabolites in fish kills ... 2043
Alkalinity, consumption in autotrophic denitrification ... 569
nitrification in activated sludge ... 2132
Allum, M. O., municipal wastewater survey ... 718
Aluminum, removal by precipitation ... 1821
Ammonia, removal by carbon ... 122
volatilization from sludge ... 2657
Ammonia determination, nomogram for ... 2778
Anaerobic-aerobic lagoons, potato wastes ... 524
Anaerobic digestion, chemical treatment sludge ... 533
sludge dewatering ... 1965
with membrane filtration ... 754
Anaerobic processes, heavy metal distribution ... 61
(Literature Review) ... 2388
Anaerobic stabilization, phase separation ... 2204
Analysis, ammonia determination ... 2778
dissolved solids effect on SS ... 2370
of chemical species (Literature Review) ... 1000
sampling errors ... 2046
Analytical techniques, chromium speciation ... 2327
Anderson, D. W., toxicity of taconite tailings ... 240
Andrews, J. F., digestion model ... 973
Angelbeck, D. I., activated sludge process ... 1786
computer programming of activated sludge process ... 31
Aquatic organisms, toxicity of taconite tailings ... 240
Aromatics, biodegradability ... 2771
Arsenic, removal by adsorption ... 493
Asano, T., activated sludge design ... 1931
rotating disk study ... 896
Ash pond effluent, reuse ... 2494
Assimilation, low flow stream ... 2289
organics in river estuary ... 957
Aulenbach, D. B., sand filtration, effluent quality ... 86
Automated analysis (Literature Review) ... 1061
Automatic sampling, errors ... 2046
Automation, DO control ... 2257
wastewater collection and treatment (Literature Review) ... 1185
wastewater systems ... 5, 174a
Autotrophic denitrification, elemental sulfur ... 1986

B

Bacteria, aerosols from cooling towers ... 2362
Bacteria, effect of acid mine drainage on indicators ... 775
filamentous in activated sludge ... 628
regrowth in chlorinated effluents ... 2307
role in denitrification ... 2111

salmonella ... 158
ureolytic in wastewater ... 970
Bacteria, factors affecting dieoff ... 321
Baker, J. M., oil pollution ... 442
Barker, J. C., hatchery waste management ... 739
Barth, E. F., advanced waste treatment ... 1769
benzidine biodegradation ... 552
Barton, C. A., sludge reuse ... 1893
Barton, P. J., cyanide analysis in coke wastewaters ... 234
Batch processes, soil treatment kinetics ... 386
